LUBE MOBILE

Why choose an apprenticeship?

A Bridgestone Apprenticeship is a great way to get a head start in a chosen career or to retrain for the career you have always wanted.

A Bridgestone Apprenticeship is a career pathway that combines paid on-the-job training within the workplace with formal studies completed at our chosen Registered Training Organisation (RTO), TAFE. This opportunity is available to all individuals of a working age. Qualifications gained can be used to work anywhere in Australia and around the world.

Bridgestone apprenticeship program

Bridgestone and Lube Mobile are embarking on an exciting program to recruit and train apprentices to create a pool of mobile and store-based mechanics who can work across the two businesses. This is a fantastic opportunity to join the family at a market leader within the automotive industry.

About the role

Working for Bridgestone, you will be delivering our world renowned, superior quality of performance and service to our customers. Whilst maintaining the highest standard of workplace health & safety. Working with our apprenticeship partner TAFE, you will receive the highest quality of training, gaining experience working in workshops and with our mobile mechanics in Lube Mobile.

What's in it for you?

- Above adult apprentice Award rates with additional benefits and staff discounts
- Support through a Certificate III in Light Vehicle Mechanical Technology
- Training and a Certificate II in Automotive Tyre Servicing Technology
- Career development opportunities
- Employee recognition programs & awards
- Permanent full-time position
- Great opportunity to work in a team environment and build lasting relationships.

If you are an ambitious, disciplined and results-focused individual who is excited about the prospect of accelerating your career in the automotive industry, then the Bridgestone Apprenticeship Program is a great place to start!

Training is conducted in partnership with TAFE within the respective states and is complimented by specialised full-time in-house trainers. The Bridgestone Apprenticeship Program is committed to the development of highly skilled technicians that will excel in the servicing, diagnosis, and repair of modern motor vehicles along with providing exciting and challenging career opportunities for its employees.

Bridgestone & Lube Mobile

The company is renowned for producing quality products and being at the forefront of technology, innovation and continuous improvement.
